

Animal Energy Healing Course

Lectures, Techniques & Applications

1. **(Lecture) - Introduction To The Animal Energy Healing Course Layout**

Learn healing techniques using energy therapy that can be applied for your pets or any animals such as dogs, cats, horses & birds for physical & emotional problems.

2. **(Download MP3) - 6 Bonus Audio Downloads**

6 Mp3 Albums to download, for background music for a therapy session, relaxation or meditation. Also inspirational and uplifting music, songs and mantras.

3. **(Download PDF) - Be Your Own Therapist - Bonus E-Book**

The reader is led towards a better understanding of the cause of their problem or issue and how to resolve them in a loving and non-judgemental way through imagery and stories.

4. **(Lecture) - The History Of Energy Healing**

The history of energy healing in general and how energy healing techniques in various forms date back to our ancient ancestors.

5. **(Lecture) - The Principal Of Energy Healing**

The principal of energy healing, how it works, and why it works, and also describes similar laws in physics called entrainment.

6. **(Lecture) - Imbalance In Animal Chakras**

Animal energy fields have areas where this energy appears to be more concentrated and focused; these areas are referred to as chakras or vortexes.

7. **(Lecture) - Bird – Energy Field, Organs & Chakras**

The energy field of a bird which surrounds and permeates the animal's body.

8. **(Lecture) - Dog – Energy Field, Organs & Chakras**

The energy field of a dog which surrounds and permeates the animal's body.

9. **(Lecture) - Cow – Energy Field, Organs Chakras**

The energy field of a cow which surrounds and permeates the animal's body.

10. **(Lecture) - Horse – Energy Field, Organs & Chakras**

The energy field of a horse which surrounds and permeates the animal's body.

11. (Lecture) - Cat – Energy Field, Organs & Chakras

The energy field of a cat which surrounds and permeates the animal's body.

12. (Lecture) - Case Study – Cleo The Labrador

A trainee called James who completed the animal healing course sent us this case study about their pet dog Cleo.

13. (Lecture) - Case Study – Small Bird

A trainee called Peter who completed the animal healing course sent in this experiential story about how he applied bio-energy therapy to a small bird.

14. (Lecture) - Typical Animal Healing Session

The most commonly used energy healing techniques that may be applied to animals.

15. (Lecture) - How To Conduct A Therapy Session

Become familiar with all training instructions and guidelines, which form part of the animal energy healing training course.

16. (Prologue) - To Dowsing And Its Use With Animals

Prologue or introduction to dowsing techniques which can be applied to animals for food sensitivities etc.

17. (Dowsing) - Introduction To Dowsing With A Pendulum

Learn how to dowse using a pendulum and see different types of pendulums demonstrated and learn how you can determine your yes and no answers to improve your dowsing.

18. (Dowsing) - The Animal's Chakras

How to use a sample of an animal's hair to dowse and check an animal's chakras for closures, blockages or imbalances.

19. (Dowsing) - Clearing Pendulums & Finding Yes & No Answers

How to 'clear' the energy of a pendulum prior to commencing dowsing, plus alternative methods of determining your yes and no answers using a pendulum.

20. (Dowsing) - Dowse Charts For Food Sensitivities & Chakras

How to make and use a food chart to use with a pendulum to check for possible food sensitivities for yourself or another person, plus checking for possible chakra imbalances.

21. (Dowsing) - Self Dowse For Your Own Food Sensitivities

How to self dowse using your own body like a pendulum. Also called the sway test you may like to use this dowsing method to check for geopathic stress, food sensitivities etc.

22. (Dowsing) - Dowse For Geopathic Stress, Lost Objects, Water

How to use pendulums and divining rods to check a house or land for geopathic stress, or help find lost objects, underground water or electric wires etc.

23. (Dowsing) - Learn How To Make Your Own Pendulum

How to make your own pendulum or divining rods very simply from a piece of wood, wire coat hangers and a branch from a tree.

24. (Dowsing) - Map Dowsing – For Geopathic Stress In A House Or Land

How you can use a pendulum to check a house or land for geopathic stress or find a lost object by using map dowsing on a house plan or site plan.

25. (Dowsing) - Pendulum Dowsing For Food Sensitivity For Animals

How to use a pendulum to check ingredients in animal feed that an animal may be sensitive to.

26. (Dowsing) - Self Dowsing For Food Sensitivity For Animals

How you can self dowse without using a pendulum to check ingredients in dog food (or any food) that a dog, cat or any animal might be sensitive to.

27. (Preparation) - How To Feel & Sense Energy

How to feel and sense the energy in and around your hands, plus a visualisation exercise to help you connect with the universal energy field.

28. (Technique) - A - Overall Balance

Balance the overall energy field of the animal's body is the first technique applied at the beginning of any therapy session.

29. (Technique) - B - Energise

Applying the energise technique to a particular area of the animal's body by directing an energy flow from the palm of one hand to the palm of the other hand.

30. (Technique) - C - Draw-Out

The draw-out technique is to draw-away and disperse blocked or stagnant energy from an area of the animal's body.

31. (Technique) - D - Stimulate

The stimulate technique is applied to stimulate the energy field in an area of the animal's body that may not be easily accessible.

32. (Technique) - E - Drag - Out

The drag-out technique is to help drag-out possible growths and cysts from an area of the animal's body.

33. (Technique) - F - Transverse Flows

The transverse technique is to direct energy flows across the shoulders, the lumbar area and the hips of certain four legged animals.

34. (Technique) - G - Diagonal Flows

The diagonal flows technique is to direct energy flows diagonally from the shoulders to the hips and across the back and spine of certain four legged animals.

35. (Technique) - H - Long Spinal Flows

The long spinal flows techniques is to direct energy flows through the animal's back and up along the spine of certain four legged animals.

36. (Technique) - I - Energy Boost

The energy boost technique is to help improve the circulation and energy flows in an area of the animal's body, particularly extremities such as legs, back and spine.

37. (Technique) - J - Balance

The balance technique is to help balance the energy field of an organ, gland or a specific area of the animal's body.

38. (Application) - Clearing Animal's - Chakras

Applications for chakras are a combination of techniques that the therapist can apply that may help clear and balance the main energy points of the animal's body in particular the chakras.

39. (Application) - Animals - Ears

Applications for the ears are a combination of techniques that the therapist can apply for problems associated with the animal's ears.

40. (Application) - Animals - Growths, Tumours

Applications for problems associated with possible growths, cysts or tumours in the animal's body.

41. (Application) - Animals - Heart

Applications for the heart are a combination of techniques that the therapist can apply for problems associated with the animal's heart.

42. (Application) - Animals - Joints

Applications for the joints are a combination of techniques that the therapist can apply for problems associated with the animal's joints.

43. (Application) - Animals - Lungs

Applications for the lungs are a combination of techniques that the therapist can apply for problems associated with the animal's lungs.

44. (Prologue) – Guidelines For Distant Healing

Prologue or introduction to distant healing and recommendations and guidelines to follow when applying distant healing..

45. (Distant Healing) - Introduction

How to prepare for a distant healing animal therapy session using a photograph or sample of hair or feathers of an animal bird or mammal some distance away.

46. (Distant Healing) - Back & Spine

The application of techniques for the back and spine applied during a distant healing session using a model of a dog along with a photograph or sample of hair.

47. (Distant Healing) - Colon

Application of techniques for the colon are a combination of techniques that the therapist can apply for problems associated with the animal's colon.

48. (Distant Healing) - Eyes

Application of techniques for the eyes applied during a distant healing animal therapy session using a model of a dog along with a photograph or sample of hair.

49. (**Distant Healing**) - **Hips**

Application of techniques for the hips applied during a distant healing animal therapy session using a model of a dog along with a photograph or sample of hair.

50. (**Distant Healing**) - **Overall Balance**

Overall balancing technique applied during a distant healing animal therapy session using a model of a dog along with a photograph or sample of hair.

51. (**Distant Healing**) - **Right Hip**

Application of techniques for the right hip applied during distant healing animal therapy session using a model of a dog and a sample of hair.

52. (**Distant Healing**) - **Right Paw**

Application of techniques for the right paw applied during a distant healing animal therapy session using a model of a dog and sample of hair.

53. (**Distant Healing**) - **Stomach**

Application of techniques for the stomach applied during a distant healing animal therapy session using a model of a dog and a sample of hair.

54. (**Animal Healing**) - **Bird**

Combination of animal energy healing therapy techniques for various health problems on a bird.

55. (**Animal Healing**) - **Cat**

Combination of animal energy healing therapy techniques for various health problems on a cat.

56. (**Animal Healing**) - **Cow**

Combination of animal energy healing therapy techniques for various health problems on a cow.

57. (**Animal Healing**) - **Horse**

Combination of animal energy healing therapy techniques for various health problems on a horse.

58. (Animal Healing) - Zebra

Learn additional animal healing energy healing techniques. To show these techniques clearly one after the other they are demonstrated on a large zebra model.

59. (Prologue) - To The Final Exam / Test

Introducing the next element or section in this course which is a 10 question exam. It is required that you answer 9 out of 10 questions correctly to receive a 90% pass.

60. (Final Exam / Test)

Answer 9 out of 10 questions correctly to pass exam & receive your diploma certificate. - Questions are based on information provided during the energy healing course.

(Epilogue) - Congratulations On Passing The Animal Healing Course

Final congratulations on having completed and passed this energy healing training course.

Make Health Your Business. YOU have the POWER to HEAL!
